F. Authorize – City Manager to sign the Memorandum of Understanding that sets forth the points of agreement between the Department of Homeland Security and the City of Washington (E-Verify Program)
4. SSA agrees to provide a means of automated verification that is designed to prevent confirmation or tentative nonconfirmation of U.S. citizens’ employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary for employees who contest SSA tentative nonconfirmations that are designed to provide final confirmation or nonconfirmation of the employees’ employment eligibility within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for employees through E-Verify, DHS agrees to provide the Employer access to selected data from DHS’s database to enable the Employer to conduct, to the extent allowed by law:

   - Automated verification checks on employees by electronic means, and
   - Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer’s participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to make available to the Employer at the E-Verify Web site and on the E-Verify Web site, response instructions, instructions on how to bring non-English employees up to speed, and information about various restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer’s participation in the E-Verify program. DHS also agrees to provide to the Employer information notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by employees with DHS’s database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of employees’ employment eligibility and for the operation of the E-Verify program, or to such other persons as the Employer may designate to verify the information. This information shall be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act (INA) and Federal criminal laws, and to administer Federal non-discrimination requirements.
6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9; that it relates to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the anti-discrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identify documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(19)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in good faith compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between $500 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(19)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 and E-Verify system compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 2 Employer business days after each employee has been hired (but after the Form I-9 has been completed, and to complete as many (but only as many) steps of the E-Verify process as are necessary and is designated in the E-Verify User Manual, or in case of Federal contractors with the FAR E-Verify clause, the E-Verify User Manual for Federal Contractors. The Employer is prohibited from initiating verification procedures before the employee is employed and the Form I-9 completed. If the automated system is to be used temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. Employers may initiate verification by logging the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.e. As provided in Article I.D.1, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer uses the E-Verify system for any purpose other than as

9. The Employer agrees to follow appropriate procedures (see Article II. b) regarding issuance of non-confirmation notices, including modifying instructions to employees in the non-confirmation notice, or supporting notice that provides instructions to employees, allowing employees to contact the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article II. b) to contact (1) the SSA to obtain information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in Article II. b) that the employee is not work authorized. The Employer agrees to understand that an initial query at the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, or any other indication of a need for additional time for the government to resolve a case, or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of these cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does, the employee must be provided additional reasonable time to resolve the matter. If the employee fails to present evidence during that time period that is acceptable to SSA or DHS, based upon the employee's perceived employment eligibility status (including delaying, reducing, or extending work hours, delaying or preventing hiring, or taking other adverse action) with respect to the employee or the employee's employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise suspending an employee to any assumption that the employee is unauthorized to work) until unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee's case is not closed by the SSA or DHS within 3 days of the date of the secondary verification is completed and a final nonconfirmation is issued, then the Employer shall not take any action against the employee

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA, as applicable, by not discriminating unlawfully against any individual in hiring, firing, or promotion or refusal to hire based on any aspect of a protected individual as defined in section 274B(a)(2) of the INA, including, but not limited to, because of his or her citizenship status. The Employer understands that each negative response obtained through E-Verify verifications or use of E-Verify except as provided in section 302(c) of the Immigration Reform and Control Act of 1986 is prima facie evidence only, and that negative responses do not necessarily indicate that the employee is unauthorized to work. The Employer understands that any violation of the anti-discrimination-related employment provision in section 274B of the INA would subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to liability for damages.

12. The Employer agrees to record the case verification number on the employer’s Form I-9 or to print the screen containing the case verification number and attach it to the employer’s Form I-9.

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will not use the information, and means of access to it (such as PINs and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer’s responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a)(1) and (3) and the Social Security Act (42 U.S.C. §1320a), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer’s use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS WITH THE FAR E-VERIFY CLAUSE

1. The Employer understands that if it is subject to the employment verification terms in Subpart 23.18 of the FAR, it must verify the employment eligibility of any existing employee assigned to the contract and all new hires, as discussed in the Supplemental Guide for Federal Contractors. Once an employer has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors with the FAR E-Verify clause agree to become familiar with and comply with the most recent versions of this E-Verify User Manual for Federal Contractors and the E-Verify Supplemental Guide for Federal Contractors.

b. Federal contractors with the FAR E-Verify clause agree to complete a tutorial for Federal contractors with the FAR E-Verify clause.

c. Federal contractors with the FAR E-Verify clause are not entitled at the time of contract award to an E-Verify identification number. On the date of contract award, the Employer will begin to use E-Verify to initialize verification of employment eligibility of new hires of the Employer who are working in the United States, whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated:

   - Within 3 business days after the date of hire when the Employer is an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).
   - Within 10 business days after the date of hire when the Employer is not an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).

   The Employer must verify each new hire within 8 working days after the date of hire. Once verified, employees assigned to the contract must be verified in real time as they begin to work. On any date on which the Employer is requested to provide proof of E-Verify verification to DHS, the Employer must provide evidence of verification for all employees assigned to the contract as of the date on which the request was made.

   - Within 3 business days after the date of hire when the Employer is an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).
   - Within 10 business days after the date of hire when the Employer is not an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).

   The Employer must verify each new hire within 8 working days after the date of hire. Once verified, employees assigned to the contract must be verified in real time as they begin to work. On any date on which the Employer is requested to provide proof of E-Verify verification to DHS, the Employer must provide evidence of verification for all employees assigned to the contract as of the date on which the request was made.

   - Within 3 business days after the date of hire when the Employer is an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).
   - Within 10 business days after the date of hire when the Employer is not an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).

   The Employer must verify each new hire within 8 working days after the date of hire. Once verified, employees assigned to the contract must be verified in real time as they begin to work. On any date on which the Employer is requested to provide proof of E-Verify verification to DHS, the Employer must provide evidence of verification for all employees assigned to the contract as of the date on which the request was made.

   - Within 3 business days after the date of hire when the Employer is an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).
   - Within 10 business days after the date of hire when the Employer is not an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).

   The Employer must verify each new hire within 8 working days after the date of hire. Once verified, employees assigned to the contract must be verified in real time as they begin to work. On any date on which the Employer is requested to provide proof of E-Verify verification to DHS, the Employer must provide evidence of verification for all employees assigned to the contract as of the date on which the request was made.

   - Within 3 business days after the date of hire when the Employer is an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).
   - Within 10 business days after the date of hire when the Employer is not an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).

   The Employer must verify each new hire within 8 working days after the date of hire. Once verified, employees assigned to the contract must be verified in real time as they begin to work. On any date on which the Employer is requested to provide proof of E-Verify verification to DHS, the Employer must provide evidence of verification for all employees assigned to the contract as of the date on which the request was made.

   - Within 3 business days after the date of hire when the Employer is an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).
   - Within 10 business days after the date of hire when the Employer is not an E-Verify ‘known employer’ as defined in 8 C.F.R. § 259.3(c).

   The Employer must verify each new hire within 8 working days after the date of hire. Once verified, employees assigned to the contract must be verified in real time as they begin to work. On any date on which the Employer is requested to provide proof of E-Verify verification to DHS, the Employer must provide evidence of verification for all employees assigned to the contract as of the date on which the request was made.
not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or by communications with the employee to ensure that the employee’s stated base in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized United States citizen). If the Employer is unable to determine that the Form I-9 complies with Article I.C.3, if the employee’s basis for work authorization as stated in section 1 has expired or changed, or if the Form I-9 contains no SSN or otherwise incomplete, the Employer shall complete a new I-9 consistent with Article I.C.3, and update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article I.C.3, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article I.C.3, subject to any additional or superseding instructions that may be provided on the subject in the Supplemental Guide for Federal Contractors. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under the MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor with the FANC E-Verify class.

2. The Employer understands that if it is a Federal contractor with the FANC E-Verify class, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer’s compliance with Federal contracting requirements.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. The Employer will offer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if the notice indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 10 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the receipt of the notice.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (see found on the referral letter) within 10 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide a copy of the employee’s Form I-551 or Form I-76 to DHS for review by:

   a. Scanning and uploading the document, or
   b. Sending a photocopy of the document by an express mail account (paid for at employer expense).

7. If the Employer determines that there is a photo non-match when comparing the photocopies of the documents described in Article I.C.5 with the images generated in E-Verify, the Employer must forward the employee’s documentation to DHS using one of the means described in the preceding paragraph, and DHS to receive the case.
ARTICLE IV
SERVICE PROVISIONS

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
PARTIES

A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified by mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employees on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. The E-Verify User Manual for Federal Contractors. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials. An Employer that is a Federal contractor with the FAR E-Verify clause may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. Furthermore, the Federal contractor with the FAR E-Verify clause must provide written notice of such termination to DHS. If an Employer that is a Federal contractor with the FAR E-Verify clause fails to provide such notice, that Employer will remain a participant in the E-Verify program and will remain bound by the terms of this MOU that apply to Participants that are not Federal contractors with the FAR E-Verify clause, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to perform its obligations under established procedures or legal requirements. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, termination of this MOU by DHS for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may actual verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.
G. Authorize – City Manager to reclassify the Data Systems Specialist, salary grade 19, to Technology Administrator, salary grade 23 effective July 1, 2011 (Classification & Pay Grade Change)

H. Moved to Scheduled Public Appearances: D - Authorize – Mr. Alvin Powell use of Warren Field Airport on September 28 & September 29, 2011 for a Transportation Career program

I. Approve – Amendment to Employment Agreement by and between Joshua L. Kay and the City of Washington

Amendment to Employment Agreement — August 1, 2011

Amendment to Employment Agreement — August 1, 2011
J. **Adopt** – Resolution Opening Brown Street between Park Drive and East Fourth Street
WHEREAS, North Carolina General Statute § 160A-299 authorizes and sets forth the legal procedures that are required in order for municipalities to permanently close public streets and alleys.

WHEREAS, during the City Council meeting held on January 8, 2007 the City Council of the City of Washington (“City Council”) adopted “A Resolution of Intent Declaring the Intention of the City of Washington to Consider the Closing of Brown Street Between Park Drive and East Fourth Street”, set a date for a public hearing as prescribed by statute for February 12, 2007, and directed the City Clerk to notify the general public and adjoining property owners of said Resolution of Intent and public hearing in the manner prescribed by statute.

WHEREAS, during the City Council meeting held on February 12, 2007, the City Clerk advised the City Council that notification of the public and adjacent property owners regarding said Resolution of Intent and public hearing had been properly made and the City Council conducted a public hearing with respect to said attempted street closing.

WHEREAS, following said public hearing, the City Council adopted “A Resolution Ordering the Closing of Brown Street Between Park Drive and East Fourth Street” and ordered and directed the City Clerk to file a certified copy of said Resolution and Order in the Office of the Register of Deeds of Beaufort County as the final legal procedure required by statute in order to effectuate the permanent closure of said portion of Brown Street.

WHEREAS, a certified copy of said Resolution and Order has not been filed in the Office of the Register of Deeds of Beaufort County.

WHEREAS, the procedure required by statute in order to permanently close said portion of Brown Street has not been effectuated completely and said portion of Brown Street remains open as a public street and right-of-way subject to the general authority and control of the City of Washington under North Carolina General Statute §160A-296.

WHEREAS, the City of Washington was the sole owner of property located adjacent to said portion of Brown Street at all times relevant hereto and remains the sole owner of property located adjacent to said portion of Brown Street.

WHEREAS, if said attempted closure of said portion of Brown Street had been legally effectuated, any right, title, and interest in said portion of Brown Street would have vested in the City of Washington by virtue of North Carolina General Statute §160A-299.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Washington that the permanent closure of that portion of Brown Street between Park Drive and East Fourth Street, including bridge crossing over Jack’s Creek, has not been legally effectuated and therefore said portion of Brown Street is and remains open as a public street and right-of-way and, to the extent it may be legally necessary, the City Council of the City of Washington rededicates the same as a public street and right-of-way subject to the general authority and control of the City of Washington.

Adopted this the 12th day of September, 2011, by the City Council of the City of Washington, North Carolina.

MS. LINDA WITCHELL – ALTERNATE POWER SOURCE – BACKUP GENERATOR

Ms. Linda Witchell, 114 E. 12th Street discussed the need for a generator to operate pumps used to lower Jack’s Creek during flooding associated with hurricanes/storms. She told the council she raised concerns about drainage in the Jack’s Creek basin with the city about 15 years ago. Ms. Witchell stated her home flooded during the hurricane and felt if the pumps had been running with an alternate power source then possibly her house wouldn’t have flooded. She further suggested that perhaps Jack’s Creek could be pumped out before a storm.”

City Manager, Josh Kay explained that water from the creek was pumped out before Irene hit the area. Those four pumps, including another 10-inch pump borrowed from N.C. Department of Transportation, continuously pumped water from Jack’s Creek, except for a power outage that stopped the pumps for a period of time August 27th. Power was restored later that day. Mr. Kay also explained how the City prepared for the storm. We did pump Jack’s Creek well below river levels. … At one point in time, Jack’s Creek was approximately 2 feet below sea level while on the other side of the pump the river was 2 to 3 feet above sea level. So, what that allowed us to do is provide a tremendous amount of storage capacity for Irene. The severity of Hurricane Irene was tremendous. He also reminded the council that the National Oceanic and Atmospheric Administration reported 13.11 inches of rain fell on Washington during the storm, with some people reporting well over 16 inches. Mr. Kay acknowledged the pumps do not have back-up power supply, something city staff has discussed in past few days. The estimate (for a reserve power supply) that we have is well over $100,000. It’s closer to $600,000. Of course, we are approaching FEMA about the possibility of them assisting us in the purchase of that generation unit.

Mayor Pro tem Roberson suggested that Public Works needs to ensure that all catch basins are clean and free of debris.

MS. MONICA FERRARI & MS. NANCY O’NEILL – ALLOW FEEDING OF BIRDS AND ANIMALS

Ms. Nancy O’Neill and Ms. Monica Ferrari explained they are representing CATS About Town and read the following statement. (begin statement) We are a non-profit administered under the umbrella of Parks & Recreation. I’d like to tell you a little about us before Monica reads our proposal.

CATS About Town is a trap, neuter, return program, commonly referred to throughout the U.S. as TNR. For the last two years, we have trapped numerous cats, including all of Washington's downtown cats, for the purpose of having them spayed or neutered, tested for feline disease & vaccinated for rabies. Only healthy, “fixed” cats have been released back to their environment with a cropped left ear for identification. Health records, including rabies tags, are always available for public viewing.

Where possible, we have also rescued downtown kittens & adoptable adult cats for placement in homes. Utilizing this humane & effective method of feline population control, we've reduced the number of cats living in downtown Washington, from 50 to the current 25. They live in small groups or colonies on the North & South side of Main Street and are monitored for newcomers or any other changes that may occur. They are timid by nature and will always run when approached. Relocating the cats has never been an option as removal of the cats only invites other cats into the territory to fill the void. This is referred to as the vacuum effect. Our program has allowed Beaufort County Animal Control to focus their energy & resources towards other more pressing issues rather than trapping & euthanizing these homeless cats. Much time, effort and unwavering veterinary and community support has been invested in our program, however, there is one critical & key missing component-being able to care for the cats, including feeding, openly & freely. Greenville, New Bern, Beaufort and Wilmington all have similar TNR programs, but without the hindrance of a feeding ban. In order for our program to continue
to be an effective method for controlling the downtown cat population & caring for their health, we are proposing the following:

Purpose: Modify above ordinance to the satisfaction of the public, police department and city council.

Problem: Residents and other compassionate persons are leaving food for the city's downtown cats in order to keep them healthy. Current ordinance does not allow feeding of birds and animals. Therefore the Police Department is issuing warnings and fines. Although people feel they are under camera surveillance, they compassionately continue to leave food in obscure areas.

Proposed Solution: Modify the current ordinance to allow designated caretakers/monitors to provide dry cat food and water in obscure spots off Main Street pedestrian traffic. Washington Police Department Chief of Police will act as administrator. In conjunction with CATS About Town-TNR, 3 approved sites north of Main St. and 3 approved sites south of Main St. will be designated. With agreement from both parties, 5 caretakers will be on record to provide feeding and monitoring. Any complaints will be addressed directly to Chief of Police and a solution will be obtained along with CATS About Town organization.

Cost: No cost to taxpayers. The small containers and dry food will be privately funded through our CATS About Town-TNR program.

Reasons to modify the city ordinance that prohibits the feeding of homeless cats in downtown Washington:
1. In spite of the current ordinance, there will always be compassionate people who will feed the downtown cats. Enforcing a ban on feeding Washington's cats is difficult and time consuming for our police department. In addition, the public would prefer that our city resources be spent on more critical issues that face the downtown and community.
2. Regularly feeding the cats by designated caretakers will:
   • keep the cats out of undesirable locations such as dumpsters and away from entrances to restaurants where they might congregate and negatively impact local businesses.
   • Help maintain their health and provide the opportunity to identify and care for injured/ill cats.
   • Help identify any newcomers for processing by the Trap, Neuter & Return program (supporting on-going stabilization of the cat population).
3. If the public is aware the cats are being well taken care of, they may refrain from placing unsightly containers of food and water that ultimately become litter.
4. Feeding the cats and monitoring their health is compassionate and humane.

Conclusion: Enforcing a ban on feeding downtown Washington cats is difficult, time consuming and poor use of our police department’s limited resources. There will always be compassionate people who will in spite of the ordinance, continue to provide little food for our downtown cats. Allow the modification, so that the TNR Program can continue to be an effective method of population stabilization. Those few remaining community cats will stay healthy without reproducing. (end statement)

Councilman Mercer explained that he talked with Ms. Ferrari and Ms. O’Neill and advised them they needed to revise their presentation with more specificity. He suggested this matter be given to staff (including Chief Reed) and allow them to work on this possible ordinance amendment with the Animal Control Board.

Mayor Jennings commended them for their efforts. He also stated there hasn’t always been this many cats downtown. He would like to have input from a veterinarian regarding if this program is actually giving the cats a humane life. Councilman Pitt asked
if this program was in force in other parts of the city? Ms. O’Neill stated that it is and they also help citizens with special requests if they can’t afford to feed or care for their cats. Ms. Ferrari stated the cats tend to hide from the public and only come out when it’s feeding time. Mayor Jennings is concerned that all of the cats may turn people off from visiting downtown.

PUBLIC HEARING: ACCEPT – CERTIFICATE OF CONVENIENCE AND NECESSITY FOR JEFFERY ROBERSON D/B/A ROBERSON CAB SERVICE (RCS)

Mayor Jennings opened the public hearing. City Manager, Josh Kay explained we are required to hold a public hearing to consider the application for a Certificate of Convenience and Necessity by Jeffery Roberson D/B/A Roberson Cab Service (RCS) to operate one taxicab in the City Of Washington. Mr. Roberson desires to operate one taxicab from his taxi terminal located at 702 West Martin Luther King, Jr. Drive, Washington, within the City limits of Washington. The notice calling for the public hearing was published on September 2, 2011, and a copy of the notice was mailed to all holders of Certificates of Convenience and Necessity for the operation of vehicles in compliance with the Washington City Code.

Mr. Jeffery Roberson stated his hours of operation would be 7-midnight, he may alter them depending on need and possibly on the weekend. There being no public comments, the public hearing was closed.

By motion of Councilman Mercer, seconded by Councilman Moultrie, Council approved the issuance of a Certificate of Convenience and Necessity to Jeffery Roberson, with one taxicab D/B/A Roberson Cab Service (RCS). (staff will ensure that Mr. Roberson has his application notarized and that the Police Department completes their certification regarding the business license)

AUTHORIZE – MR. ALVIN POWELL USE OF WARREN FIELD AIRPORT ON SEPTEMBER 28 & SEPTEMBER 29, 2011 FOR A TRANSPORTATION CAREER PROGRAM

Mr. Kay introduced Alvin Powell and explained that he desires to host a Transportation Career program for select grades at Warren Field over a two-day period on September 28-29, 2011. Mr. Powell gave a brief history of his 30 year career in law enforcement with the FBI. He feels this program will be positive motivation for the children.

“Transportation Day” Career” Forum
(Tentative)

When: September 28 and 29, 2011

Where: Beaufort County Center Building, 155-A Airport Road Washington, NC Airport

Objective: To have a local Historical Black College and University and a local community college each provide a brief presentation of their academic programs that relate to aviation and the trucking industry. The presentation would be to students that attend Beaufort County schools. The importance of physical fitness and making smart decisions as youth relative to passing background checks will be discussed as well. The students would also get an opportunity to see the Washington, NC airport complex.

Two day event structure: The program will be organized into a 9:00 am to 11:00 am morning session and a 12:15 pm to 2:15 pm afternoon session for both days. This will allow for handling up to 90 students plus nine school officials per session and not violate fire codes provisions.

Transportation: The Beaufort County School District will be responsible for selecting the students that attend this function (as reflected by an attendance log) and transportation of the students pursuant to any insurance or applicable school protocols.
1. Beaufort County Center: The designated student drop-off and pick-up location that will provide a 99 seat air conditioned classroom facility with rest rooms. The N.C. Cooperative Extension Service is a partner in this program and is coordinating the use of this facility.

2. Opening Comments: 9:00 am to 9:20 am and 1:00 pm to 1:20 pm respectively by Al Powell, Program Coordinator. He will explain how Elizabeth City State University (ECSU) and Beaufort County Community College (BCCC) will be showcasing some of their transportation based academic programs; show a brief DVD that will provide an aviation/trucking industry overview. Discuss topics concerning: (1) how making poor decisions as a youth can impact career choices/security clearances, and (2) physical fitness requirements for jobs.

3. Classroom Seating: Students will be divided into two sections: Group A and Group B not to exceed 45 students per group. For safety, students from the same schools will not be separated, if feasible.

4. Program Composition: Each program will consist of TWO 45 minute orientation sessions conducted concurrently in separate locations. After the opening comments, the two groups will proceed to their respective orientation sessions.
   a. The ECSU) orientation station will be located at the, Washington Airport Terminal Building; Dr. J. Anthony Sharp, Director, ECSU Aviation Science Program, will discuss their program and provide the students with a tour of the ECSU airplane.
   b. The BCCC orientation station will be located at the, Beaufort County Center Building; representatives from BCCC will explain their commercial truck driving program and provide the students with a tour of several vehicles.
   c. Orientation Times: 9:25 am to 10:10 am and 10:15 to 11:00 am (morning session); 1:25 pm to 2:10 pm and 2:15 pm to 3:00 pm (afternoon session).
   d. Each 45 minute orientation session will consist of 30 minutes for PowerPoint, lecture, etc. and 15 minutes for a “hands-on” static display component.

5. Rotation: At the end of each respective 45 minute orientation, Groups A and B will rotate. Group B will walk to the airport terminal to receive the ECSU station to orientation. Group A will walk back to the Beaufort County Center to receive their orientation by the BCCC personnel.

6. Closing Comments and Departure: At the completion of the program, both Group A and B will return to the Beaufort County Center classroom. Closing comments will be made and a safety head count conducted. Students would board their respective buses and return to school.

7. Security: The Washington, NC Fire Department and Police Department will be on premises to address any medical emergencies and/or handle vehicular-pedestrian traffic.

8. Educational Display Booths: Both the U.S. Coast Guard Auxiliary and the N.C. Cooperative Extension Service (featuring the 4-H Club) will be on premises to provide educational literature.

   Possible Static Displays or Fly-in
   a. A Washington, NC fire truck
   b. Fountain Boats; a large power boat on a trailer
   c. A U.S. Coast Guard Auxiliary demonstration of a robotic device (hopefully)
   d. Selected trucks from the Beaufort County Community College
   e. A Washington, NC police vehicle
   f. Civilian helicopter fly-in (pending)
   g. ECSU airplane
   h. Military aircraft fly-in (pending)

The school district has already committed 250 middle school children. Both colleges will be bringing recruiters to the event to express to the children the educational opportunities at the colleges.
By motion of Councilman Davis, seconded by Councilman Moultrie, Council authorized Mr. Alvin Powell to use Warren Field on September 28, 2011 and September 29, 2011 as the location for a Transportation Career program.

**COMMENTS FROM THE PUBLIC**

Jerry Evans, Spencer Stanley and Mae I. Taylor had signed up to speak, but left before the public comment period.

Susan Zachary of East Main Street came forward and commended City staff for their efforts both during the hurricane and now during the recovery and clean up period.

Shannon Blackstone stated her husband Whit Blackstone owns Pamlico Properties located at 222 Stewart Parkway and they have an issue with the feral cats downtown. Their business is affected by the cats. They thought the original purpose of the TNR program was to trap the cats, have them spayed or neutered and then released back downtown to help control the rodent population. Ms. Blackstone said she feels that if the cats are being fed, then they won’t hunt and the food attracts other rodents. Currently the cats are being fed under the steps of the old Harbor Street Grille, this area is now nothing but a feral cat litter box. With the recent heat, one could imagine the odor this produces. Also produced are flea infestations. When the buildings have to be treated, the businesses in her building have to close early. She feels the cats are a liability for the city. There is the possibility of rabies, because it’s difficult to identify the cats because several of them look alike it is hard to make sure the proper cat is getting its rabies booster shot. The cats come out during the day and sun on the deck of the former restaurant. There is currently an ordinance in place and should be left in place. If the ordinance is reversed, then people will feed the seagulls thus turning off the boaters and losing income for Washington. She would like for the TNR program to try to find homes for the cats instead of releasing them back downtown. A cat will stay where it is fed.

Scott Campbell, 213 Market Street works downtown and stated the cats are not shy at all. They are out at all times during the day and on several occasions vehicles have had to stop to allow the cats time to get out of the street. He supports the program and its efforts, but feels the ordinance pertaining to restricting the feeding of the animals/birds downtown should be left in place as is. The area beside Washington Jewelers is also a “cat litter box” and smells terrible.

**MEMO – JACK’S CREEK GREENWAY PROJECT UPDATE**

(begin memo from Philip Mobley) The Greenway Project was to start on the 29th of August, but needless to say, we are, at best trying to start this project during the latter part of this week, depending on weather conditions, the availability of manpower and equipment. The first section of work starts between Bonner St. and Fifth St. on the South side of Jack’s Creek. We will be marking the route and setting up soil retention material between the proposed walk and the creek. The asphalt walking surface will be a minimum of 55 feet from the creek up to a maximum of approximately 60 feet.

The second section will be between Harvey St. and Brown St. on the South side of Jack’s Creek. The concrete basketball court on the North side of the old Health Department will have to come out. The City will need to evaluate if and when the old Health Dept. Northeast corner can come down or not. The two paving bids came in well below initial estimates with low bid being $ 23,812.50 from Garris Grading & Paving of Farmville, NC and from Randolph Paving & Sealing of Greenville, NC it was $ 34,500. The paving will be a fine grade and with 2” of asphalt over a prepared stone base approx. 1,905 sq. yds. If this price should fluctuate at any time, up or down, the contractor reserves the right to adjust our price accordingly. This project has to be completed by November 15, 2011 and all invoices have to be to the State of NC by November 1, 2011. (end memo)
MEMO – CIVIC CENTER DECKING

(begin memo from John Rodman) The Civic Center was originally constructed as a train depot and supporting warehouse between 1907 and 1910. Portions of the existing deck were constructed in the late 1970s. During the last thirty years the deck has not been adequately maintained and is currently in a state of disrepair.

Mr. Wayne Harrell, Chief Building Official for the City of Washington, conducted a courtesy inspection of the Civic Center deck. The objective of the inspection was to provide written information describing the issues discovered from observations made and conducted by the inspector and that, in the inspector’s opinion, are likely to be of concern to the City. The inspection was a process of Mr. Harrell collecting information through visual observation during a walk-through inspection of the subject property and then generating a meaningful report about the condition of the deck based on observations made that.

After the decking report was presented to City Council, the Council instructed the Planning & Development Department to obtain engineering estimates on developing plans to construct a new deck on both the east side and the west side of the Civic Center building. The estimates would include two proposals for constructing a new deck. One estimate would include engineering plans for the replacement of the deck with wooden or composite materials. The second estimate would include engineering plans for the replacement of the deck with brick and concrete materials. The estimates for engineering will be received by the end of the week and forwarded to Council as quickly as possible. (end memo)

FINANCIAL REPORTS

Councilman Mercer asked Mr. Rauschenbach to explain “negative revenue”. Mr. Rauschenbach stated these are funds that have been accrued in a prior year, it had been earned, but not received yet, this is similar to the process for sales tax. More specifically Councilman Mercer referred to the NC Hwy 17 reimbursement.

He also questioned expenditures for information services because there were no funds budgeted for installment purchases. Mr. Rauschenbach explained the purchase orders were possibly written prior to last fiscal year end and the work was finally completed, but he will confirm. He also had questions regarding the “miscellaneous account in the general fund” for downtown events. Mr. Rauschenbach will get answers to his questions and contact Councilman Mercer. Councilman Mercer inquired to when the maintenance at the library will take place. Gloria Moore explained she is working on this project with Mike Whaley and he was working on this along with the repairs at the Impressions building.

Mr. Kay stated the request is to award a contract for the professional construction management services to oversee the installation of energy efficient improvements (Lighting Retrofit Project and Direct Gas Fired Heaters Project) at the Impressions Building. The bid opening was hosted Thursday, August 25, 2011. The bid summaries are included for Council’s consideration. The contract is funded by American Recovery and Reinvestment grant funds. It is staff’s recommendation to award the contract to Turning Point Renovations and Repairs, Inc. for $9,992.50 and allow the City Manager to execute the contract subject to the attorney’s revisions is so needed.

By motion of Councilman Davis, seconded by Councilman Moultrie, Council awarded the contract for Construction Management Services and allowed the Manager to execute the contract, subject to the attorney’s revisions, and issue the Notice to Proceed to Turning Point Renovations and Repairs, Inc. for $9,992.50.
WHEREAS, the North Carolina Department of Commerce ("DOC") is the prime recipient of American Reinvestment and Recovery Act of 2009 ("ARRA") funds awarded by the U.S. Department of Energy ("DOE") under the Federally regulated State Energy Program ("SEP") through Recovery Funds DOE Award Agreement DE-EIE0000015 ("DOE Award Agreement").

WHEREAS, the City is a sub-recipient of said ARRA funds ("Award") under the SEP Energy Efficiency in Government Buildings Grant, Government Round 2 ("Grant") to fund its Energy Efficiency in Government Buildings Grant Program ("Program"), which Program includes its Lighting Retrofit and Installation of Direct Gas-Fired Heating Units projects (referred to collectively as "Project").

WHEREAS, said Award is governed by a Grant Agreement between the City and DOC dated August 25, 2011 ("Grant Agreement"), which Grant Agreement incorporates provisions of the Grant including all appendices and amendments thereto, the City's related applications/proposals as approved by DOE, the above referenced DOE Award Agreement, as the same may be amended from time to time; SEP Special Terms and Conditions, which Contractor acknowledged in its response to the Request for Proposals for this Project and Contract; 10 CFR Part 430, which may be reviewed at the website http://epa.gov/energy/ncg; DOE Financial Assistance Regulations as contained in 10 CFR Part 600, which may be reviewed at the website http://www.energy.gov/ne/ec00600.html; North Carolina General Statute § 143-6-21.23 and North Carolina Administrative Code section 09 NCAC O.8M.0701. All of the above are incorporated herein by reference and may be referred to collectively as the "Grant Agreement Documents". Said Grant Agreement Documents that are not attached hereto or available for review at the above stated websites may be reviewed in the City Planning Department, 102 E. 2nd Street, Washington, North Carolina, on the DOE.

1 This citation was provided to the City by the State and is inaccurate. The State has brought this inaccuracy to the State's attention and requested the correct citation and/or clarification. The City shall forward the correct citation and/or clarification to Contractor upon the City's receipt of the same and the Parties hereby expressly agree that said correct citation and/or clarification shall serve as an amendment to this Contract notwithstanding any provision herein to the contrary.

2 Construction Management Services Contract – Awarded September 12, 2011
including any contractor’s, subcontractor’s and the City’s obligations, under said documents that are either directly or indirectly dependent upon the Contractor for fulfillment.

2. Contractor Defined – Qualifications. Contractor shall be duly licensed by the State of North Carolina to provide the Services contracted for.

3. Compensation and Expenses as well as Payment. As compensation for the Services to be provided under this Contract, the City shall pay the Contractor the total sum of $59,992.00 payable as set forth in Exhibit B. Unless otherwise stated in Exhibit B, the foregoing amount is all inclusive and includes all expenses of every kind and nature, including but not limited to travel, lodging, copying, overhead, outside consultants and other similar and disimilar expenses and charges.
   a. Provided that invoices are submitted to and received by the City no later than the twenty-fifth (25th) day of the preceding month, the City will make partial payments to the Contractor on or before the tenth (10th) day of each calendar month of this Contract.

4. Term. This Contract shall be effective as of the day first above written and shall continue until March 31, 2012 or until such time as DCC requires in order to close out the Grant Agreement. Notwithstanding the foregoing, any provisions or obligation in this Contract that, by its nature, is required to survive the termination hereof in order to be fulfilled, including but not limited to recordkeeping, auditing, and access to the Contractor’s records, shall survive the termination of this Contract.

5. Work Schedule. Contractor shall commence work to be performed under this Contract on a date to be specified in a written order of City and shall fully complete all work on or before December 1, 2011.

6. Funds Availability. Any and all payments contemplated to be made or made hereunder are contingent upon funds being provided to City solely for these purposes by, and not thereafter being recalled from City by, DCC or AAB. Payment of any invoice amount is dependent as well as contingent upon and subject to the appropriation, allocation, and continuing availability of funds for these purposes to DCC and City.

7. Recovery of Award Funds. Contractor expressly acknowledges and accepts City’s and DCC’s absolute right in their respective, sole discretion to withhold, discontinue, or recover in part or in full from Contractor any monies awarded and/or distributed pursuant to this Contract if it is determined that the Contractor has engaged in unlawful conduct or conduct which violates the spirit and intent or the terms of the Program, including but not limited to the Grant Agreement Documents, or if the Contractor fails to comply with the terms of this Contract. If an audit determines that Contractor expended or otherwise benefitted from any amount of this Contract improperly or that the Contractor has failed to comply with certifications, representations, warranties and covenants made for the Contractor or that the Contractor has failed to keep records and provide access to such records as required hereunder, Contractor shall, at a minimum, be required to reimburse DCC, and DCC may pursue such other action as it deems appropriate. Contractor further expressly acknowledges that the Federal government may also recover Award funds disbursed hereunder for failure to comply with applicable laws, regulations, or the DCC Award Agreement, and may pursue such other action as it deems appropriate.

8. Termination. The City reserves the right to terminate this Contract upon thirty (30) days written notice for any reason deemed by the City to serve the public interest. This termination for convenience will not be made when termination is authorized under any other provision of this Contract. In the event of termination for convenience, the City shall pay the Contractor those costs directly attributable to Services received by the City in compliance with this Contract prior to termination. Provided, however, that no costs will be paid to the Contractor which are recoverable in the Contractor’s normal course of doing business. The City is not liable for loss of any profits anticipated to be made hereunder, or any special, consequential, or other damages.
   a. Failure to respond to all reasonable requests by the City to provide Services covered by this Contract.
   b. Failure to maintain any equipment required to provide the Services in accordance with the requirements of this Contract and all laws.
   c. Lack of proper insurance as required under this Contract.
   d. Changing rates in excess of those listed in this Contract and in Exhibit B.
   e. Inefficient, or unsafe practices in providing the Services.
   f. Other actions which may impair unfavorably on the faithful performance of this Contract.

B. INSURANCE AND SAFETY

Current, valid insurance policies meeting the requirements herein identified shall be maintained during the duration of this Project. Contractor may not begin work until these insurance provisions have been outlined and certificates of insurance verifying coverage have been provided to as well as accepted by the City, in its sole discretion.

1. Workers’ Compensation Insurance. Insurance covering all employees meeting statutory limits in compliance with all applicable state and federal laws. The coverage must include employer’s liability with a minimum limit of $50,000 bodily injury by accident; $50,000 bodily injury by disease; $50,000 bodily injury by disease policy limit.
2. Commercial General Liability. Coverage shall have minimum limits of $1,000,000 general aggregate, products/completed operations aggregate, personal and advertising injury and such occurrence.

3. Business Auto Liability. Coverage shall have minimum limits of $500,000 per occurrence, combined single limit for bodily injury liability and property damage liability. This shall include owned vehicles, hired and non-owned vehicles and employee non-owner's.

4. Special Requirements.
   a. The City and Impressions are to be included as additional insureds on the commercial general liability and business auto liability policies. If the Contractor carries umbrella/excess coverage then the City and Impressions shall also be named as additional insureds on this policy.
   b. Contractor shall deliver to the City certificates of insurance for the insurance coverages Contractor is required to maintain in compliance with this document prior to the start of work.
   c. Coverage shall remain in effect at least until final payment and at all times thereafter when a contractor may be correcting, removing or replacing defective work.
   d. Renewal certificates shall be sent to the City thirty (30) days prior to an expiration date. Policies shall contain a provision or endorsement that the coverage afforded will not be cancelled, materially changed, or renewal refused until at least thirty (30) days prior written notice has been given to the City and Contractor.
   e. Contractor shall report any obvious or suspected code issues to the City's Risk Manager or his designee.

5. Contractor Safety Requirements. Contractor is required to comply with all current OSHA Safety and Health Standards that are applicable to the work being performed by the Contractor for the City. Contractor shall be responsible for explaining compliance requirements to the Contractor's employees, communicating with the City's Risk Manager for safety when necessary, and communicating to City regarding all safety issues.
   a. The City shall have the right, but not the obligation, to stop work on the Project if a condition is observed that is considered to be immediately dangerous to life and health. The job shall be closed until the situation is corrected. The City shall not be liable for any expense or damages incurred by the Contractor due to job closure that is the result of a condition that is immediately dangerous to life and health.
   b. Prior to the start of any work performed by Contractor, the City's Risk Manager may conduct a pre-job safety review with Contractor. The meeting will provide an opportunity for the City's representative to discuss with Contractor applicable safety rules, including work zone protection and an Emergency Action Plan if Contractor may be affected by the plan, and provide for an open line of communication between both parties.

6. Site Safety Audit. The City's Risk Manager or his/her designee shall have the right, but not the obligation, to periodically audit the Project to ensure compliance with the provisions of this contract.

7. Accident Reporting Requirement. Any accidents that occur in relation to the Project shall be reported to the City's Risk Manager.

C. GENERAL PROVISIONS

1. Interpretation of Specifications. The specifications have been divided into sections for ready reference. It is the intention, however, that all applicable portions of the various sections shall apply to all sections unless specifically specified otherwise.

2. Attorney's Fees. Should Contractor or City institute any legal proceedings against the other concerning a dispute arising from this Contract, the prevailing party or such other shall, in addition to any other recovery, be entitled to recover its costs and expenses from the losing party, including its reasonable attorney's fees.

3. Third Party Beneficiary. The State of North Carolina ("State") is a third party beneficiary of this Contract and may, at its option, enforce the terms of this Contract, or appear as a party in any litigation concerning it. Nothing contained in this Contract shall give or allow any claim or right of action whatsoever by any third party (other than the State, as specifically provided herein) to the express detriment of the State and City that any person or entity, other than the State or City, receiving services or benefits under this Contract shall be deemed an incidental beneficiary only.

4. Compliance with the Davis-Bacon Act and Contract Work Hours and Safety Standards Act. Contractor acknowledges that certain work necessary to perform the Project is subject to the Davis-Bacon Act and Contract Work Hours and Safety Standards Act and that such work must be implemented pursuant to the applicable provisions of the Grant Agreement Documents. Among other things, Contractor shall permit the State to interview any officer or employee of the Contractor regarding compliance with the above Acts. In the event Contractor demonstrates that the classification or labor necessary for the completion of the Project is not included in the Prevailing Wage Determination, then, in that event, Contractor shall notify City and/or State as may be applicable.

5. Reporting Requirements. Upon the request of the City, Contractor shall provide information to assist the City in complying with any applicable reporting requirements associated with the Award. Contractor shall comply with and satisfy any reporting requirements as may be revised including, but not limited to, the "State Grant Compliance Reporting Requirements" (Exhibit C). Contractor also shall submit any backup materials and supporting documentation as may be deemed necessary by City and/or the State. For all work that is subject to the Davis-Bacon Act and
Contract Work Hours and Safety Standards Act, Contractor shall submit Form WH-347 and original certified payroll, as may be required, to the City no later than the fifth (5th) calendar day following each weekly payroll date so that City can timely submit said information to the State.

6. Additional Notice of Particular Grant Agreement Requirements. Contractor shall comply with the requirements of the Grant Agreement Documents, including but not limited to those requirements regarding reporting, records retention, access to books and records, audit, and insurer contained in the Grant Agreement Documents.

7. Statement of No Overdue Tax Debts. Prior to City disbursing Award Funds to Contractor in furtherance of the Project, Contractor has a written State Grant Certification – No Overdue Tax Debts, prepared on Contractor’s letterhead, to be placed on file in the City’s Office of Planning and pursuant to North Carolina General Statute §105B-6.2(b) stating that the Contractor does not have any overdue tax debts, as defined by North Carolina General Statutes §105B-246.1, at the federal, State, or local level.

8. Debarment and Suspension. Prior to City disbursing Award Funds to Contractor in furtherance of the Project, Contractor has caused a Debarment Certification to be placed on file in the City’s Office of Planning. The City is restricted from granting Federal funds to, or for the benefit of, an entity who is debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities, Contractor is ineligible to receive, or benefit from, funds disbursed under this Contract if debarred pursuant to state law.

9. No Assignment or Amendment. Contractor shall not assign any of its rights or obligations under this Contract. This Contract may not be amended or revised without written approval of both Parties and appropriate concurrence from any third party that may be required.

10. Choice of Law, Jurisdiction, Venue. The validity of this Contract and all of its terms and provisions, as well as the rights and duties of the Parties, are governed by the laws of the State of North Carolina. The Parties agree and submit, solely for matters concerning this Contract, to the exclusive jurisdiction of the courts of North Carolina and agree, solely for such purpose, if the State or Federal government is a party to a legal proceeding involving City, that the exclusive venue for any such legal proceedings shall be Wake County, North Carolina. The place of the Contract and all transactions and agreements related to it, and their site and forum, for such sole purpose shall be Wake County, North Carolina, where all matters, whether arising in contract or tort, relating to the validity, construction, Interpretation, and enforcement shall be determined herein by reference, as if set out in full, and are deemed to be material to this Contract. The above Wake County venue requirements shall apply only if the State or Federal government is a party to a legal proceeding arising hereunder.

11. Limitation on State’s and City’s Liability. Neither the State nor any State entity, department, board, or subdivision, or City shall be liable in any manner whatsoever to any person with respect to commitments under this Contract. Contractor’s rights, if any, with respect to the Contract arise solely out of this Contract, and it has no independent right or claim to recover, or benefit from, Contract funds apart from any right or claim which may arise under this Contract. Contractor acknowledges that, in addition to the limitation on funds available as set forth hereinafore, funds available for the Contract are subject to and dependent on funding of the Award, which is dependent on City’s compliance with the Grant Agreement.

12. Indemnification. The Contractor agrees to indemnify and hold harmless the City, the State, and all their respective officers, agents and employees, from any claims of third parties arising out of any act or omission of the Contractor in connection with the performance of the Contract.

a. The City shall indemnify with respect to accidents, bodily injury, illness, or death;

b. The City shall indemnify with respect to claims or damages or losses;

c. The City shall indemnify with respect to any claims arising out of any activities related to this Contract, whether with respect to persons or property of Contractor or third parties. Contractor agrees to indemnify and hold harmless the City and its officers, agents and employees from any and all claims and losses accruing or resulting to any and all subcontracts, materials, laborers, and any other person, firm or corporation furnishing or supplying work, services, materials or supplies in connection with the performance of the work contemplated by this Contract, and from any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by Contractor or by any and all contractors or subcontractors in the performance of the work contemplated by this Project.

13. Notice. Unless otherwise specifically provided for herein, all notices permitted or required to be given by one Party to the other and all questions about this Contract from one Party to the other shall be addressed and delivered to the other Party’s Contract Administrator. The name, post office address, street address, telephone number, fax number, and email address of the Contractor Administrator is by giving timely written notice to the other Party.

14. Relationship of Parties. In carrying out the terms and conditions of this Contract, Contractor is an independent party from the City and is not an agent or employee of the City. Nothing in this Contract shall create or be construed as creating a partnership, joint venture, or employee relationship between the City and Contractor.

15. Confidentiality. All proprietary data and information, if any, furnished to the Contractor by the City shall be regarded as confidential, shall remain the sole property of the City, and shall be held in confidence and shall not be revealed to any person, firm, or entity other than the City or the City’s designated legal counsel, accountants, or practice management consultants, any confidential information about the City. Contractor agrees to carry out its obligations to the City in compliance with all privacy and security regulations required by law.

16. No Waiver. No waiver by either Party of any default by the other Party in the performance of any particular provision of this Contract shall invalidate any other paragraph of this Contract or operate as a waiver of any future default, whether like or different in character.

17. Severability. In the event of invalidity, invalidity or unenforceability of any provisions hereof, the remainder of this Contract shall not be affected or impaired in any manner, and the validity and enforceability of any of them shall be deemed to be separate and severable, and the invalidity or unenforceability of any of them shall not affect or impair the validity or enforceability of the remainder.

18. Other. If applicable, Contractor shall, upon completion of all work awarded under this Contract, furnish to City receipts or copies of invoices for all materials and equipment purchased for said work and such invoices shall state the amount of North Carolina sales tax paid for said materials and equipment. Contractor shall also furnish to City an affidavit certifying the total cost of materials and equipment purchased for all work performed under the Contract and the total amount of North Carolina sales tax paid for said materials and equipment.

19. Amendment. This Contract may be executed in one or more counterparts, each of which, when executed, shall be deemed an original, and all such counterparts, together, shall constitute one and the same contract that shall be sufficiently authenticated by one such original counterpart.

IN WITNESS WHEREOF, duly authorized representatives of City and Contractor have executed this Contract effective as of the date first above written. The Parties agree that this document is executed under seal for the purposes of any applicable statute of limitations.

AWARD – CONTRACT FOR LABOR AND EQUIPMENT FOR THE INSTALLATION OF DIRECT GAS FIRED HEATING UNITS AND ALLOW MANAGER TO EXECUTE THE CONTRACT, AND ISSUE THE NOTICE TO PROCEED IMPRESSIONS BUILDING

Mr. Kay explained that this request is to award a contract for the installation of direct gas fired heating units at the Impressions building. The contract is funded by American Recovery and Reinvestment grant funds and $15,478.17 will be supplemented by funding from the Impression Lease Agreement. This is the second bid opportunity as the first time we only received one bid. Because this is an ARRA grant it was advised that the project be rebid. The bid opening was hosted Wednesday, September 7 at 2pm and again only one bid was received and this is acceptable by the granting agency. Staff was able to negotiate with the bidder for a slight reduction in the cost. Impressions have agreed to pay $15,478.17.

By motion of Councilman Davis, seconded by Councilman Pitt, Council awarded the contract for labor and equipment for the installation of direct gas fired heating units and allow the Manager to execute the contract, subject to the attorney’s revisions, and issue the Notice to Proceed to Southern Piping Company for $105,600.
CITY OF WASHINGTON
ENERGY EFFICIENCY IN GOVERNMENT BUILDINGS GRANT
CONTRACT FOR LABOR AND EQUIPMENT FOR INSTALLATION OF DIRECT GAS FIRED HEATING UNITS

THIS CONTRACT FOR LABOR AND EQUIPMENT FOR INSTALLATION OF DIRECT GAS FIRED HEATING UNITS ("Contract") is made and entered into as of the ___ day of September 2011, by and between the City of Washington, a body politic and corporate of the State of North Carolina (the "City"), whose address is 109 E. 7th St., P.O. Box 1088, Washington, North Carolina 27889, and Pending Natural Gas (the "Contractor"), a North Carolina corporation, whose address is 3009 Wilkes Road, Fayetteville, North Carolina 28304. The City and the Contractor are sometimes referred to in this Contract individually as a "Party" and collectively as "the Parties".

WITNESSETH

WHEREAS, the North Carolina Department of Commerce ("ODC") is the prime recipient of American Reinvestment and Recovery Act of 2009 ("ARRA") funds awarded by the U.S. Department of Energy ("DOE") under the federally-regulated State Energy Program ("SEP") through Recovery Funds DOE Award Agreement DE-EED0000015 (CTA-861.115) (the "DOE Award Agreement").

WHEREAS, the City is a sub-recipient of said ARRA funds ("Award") under the SEP energy efficiency in Government Buildings Grant, Government Round 2 ("Grant") to fund its Energy Efficiency in Government Buildings Grant Program ("Program"), which Program includes its installation of Direct Gas Fired Heating Units project ("Project").

WHEREAS, said Award is governed by a Grant Agreement between the City and DOE dated August 25, 2011 ("Grant Agreement"), which Grant Agreement incorporates provisions of the Grant including all appendices and amendments thereto; the City's related application/proposal as approved by DOE; the above referenced DOE Award Agreement, as the same may be amended from time to time; SEP Special Terms and Conditions, which Contractor acknowledged in its response to the Request for Proposals for this Project and Contract; 10 CFR Part 420, which may be reviewed at the website http://echt.gpoaccess.gov; DOE Financial Assistance Regulations as contained in 10 CFR Part 600, which may be reviewed at the website http://echt.gpoaccess.gov; North Carolina General Statute §616.6-2.31 and North Carolina Administrative Code section 09:NCAC 034B(D)(C). All of the above are incorporated herein by reference and may be referred to collectively as the "Grant Agreement Documents". Said Grant Agreement Documents that are not attached herein or available for review at the above stated websites may be reviewed in the City Planning Department, 101 E. 2nd Street, Washington, North Carolina on the DOE.

1 This citation was provided to the City by the State and is Inaccurate. The City has brought this inaccuracy to the State's attention and requested the correct citation and/or clarification. The City shall forward the correct citation and/or clarification to Contractor upon the City's receipt of the same and the Parties hereby expressly agree that said corrected citation and/or clarification shall serve as an amendment to this Contract notwithstanding any provision herein to the contrary.

WHEREAS, the purpose of the City's Program is to assist the City in making certain energy efficiency improvements to its buildings by utilizing Award funds to share in the cost of making said improvements.

WHEREAS, the City has selected one City building to participate in said Program at this time, which building is owned by the City to Impressions Marketing Group, Inc. ("Impressions").

WHEREAS, the City has awarded a bid for LABOR AND EQUIPMENT FOR INSTALLATION OF DIRECT GAS FIRED HEATING UNITS under the Program to Contractor at and for a sum equal to the aggregate cost of the work to be done, including but not limited to design, labor, equipment, apparatus, supplies, and installation furnished at the prices and rates respectively named therefore in Contractor's bid, which bid is incorporated herein by reference.

WHEREAS, Contractor has represented to the City that Contractor possesses the requisite skill, experience, and financial resources to provide the services contracted for herein.

NOW, THEREFORE, in consideration of the mutual promises as well as covenants herein, the consideration to be paid, and for other good and valuable considerations, the receipt and legal sufficiency of which are hereby acknowledged, the City and Contractor mutually agree as follows.

A. SCOPE OF WORK, SCHEDULE, PAYMENT, AND TERMINATION

1. Scope of Work. Contractor shall complete the Project as more specifically provided for in the "Technical Scope of Work and Pricing" attached hereto as Exhibit A, which exhibit is incorporated herein by reference as if fully set forth. Contractor shall furnish and deliver all of the materials, supplies, and performance of all of the work to complete the Project in the manner and form provided by the following enumerated plans, specifications, and documents, all of which are incorporated herein by reference as if fully set forth: the invitation for bids as well as Contractor's response thereto (bid(s)), including but not limited to invitations to bid; Scope of Work, Technical Scope of Work, Work Terms and Conditions, Bid Form, Pricing Sheet and Technical Specifications, SEP Special Terms and Conditions Acknowledgment Form, Performance Bond and Payment Bond Acknowledgment Form, Hotel Subleasing Agreements, Project Schedule, and other bid documents. Contractor shall perform all work required hereunder in accordance with, and shall otherwise comply with, all applicable Federal, State, and local laws, rules, and regulations, including all applicable provisions of ARRA, SEP, Program, and Grant Agreement Documents, all of which are incorporated herein by reference as if fully set forth. All of the above named documents are binding on the Contractor with respect to the Contractor's completion of the Project. Said documents, including but not limited to this Contract, constitute the entire agreement between the Parties and supersede all prior oral or written statements, agreements, or understandings. Contractor should consult with the City on any questions concerning compliance.

with these requirements, Contractor shall fulfill all of its own, including any contractor, subcontractor’s, and the City’s obligations, under said documents that are either directly or indirectly dependent upon the Contractor for fulfillment.

2. Contractor Defined - Qualifications. Contractor shall be duly licensed by the State of North Carolina to provide the Services contracted for.

3. Compensation. The amount available for work performed under this Contract shall not exceed $115,900.00, which amount shall be provided in accordance with the terms of this Contract.

4. Term. This Contract shall be effective as of the day first written and shall continue until March 31, 2011 or until such time as DOC requires in order to close out the Grant Agreement. Notwithstanding the foregoing, any provision or obligation in this Contract that, by its nature, is required to survive the termination herein in order to be fulfilled, including but not limited to recordkeeping, auditing, and access to the Contractor’s records, shall survive the termination of this Contract.

5. Work Schedule. Contractor shall commence work to be performed under this Contract on a date to be specified in a written order of City and shall fully complete all work on or before December 31, 2011. Contractor, as one of the considerations for the award of this Contract, has furnished to City a construction schedule setting forth planned progress of the work broken down by the various divisions or parts of the work and by calendar days. Notwithstanding anything herein to the contrary and without limiting other recourse and remedies, in the event that the progress of the work is not maintained on schedule by the Contractor or in the event the work is not completed within the time specified, City may, upon fifteen (15) days notice sent by Registered Mail to Contractor and his surety, declare this contract in default, and, thereupon, such surety shall promptly take over all the work done and complete the performance of this Contract in the manner and within the time above specified, and all funds due or to become due to Contractor shall be paid to the surety. In the event the surety fails to take over the work to be done under this Contract within fifteen (15) days after being so notified or to fail to notify the City in writing, sent by Registered Mail, that it is taking the same over and stating that it will diligently pursue and complete the same, City shall have the right to let the work remaining to be done to some other contractor, either by public letting or negotiation, and thereupon Contractor, and the surety on the Contractor’s bond, shall forthwith pay City all such default on the part of Contractor.

6. Sufficiency of Surety(ies). It is further mutually agreed between the Parties hereto that, if at any time after the execution of this Contract, the City deems the surety or sureties upon any bond obtained by the Contractor hereunder to be unsatisfactory, or if, for any reason such bond ceases to be adequate to cover the performance of the work, Contractor shall, at its expense, within five (5) days after the receipt of notice from City so to do, furnish any additional bond or bonds on such form and amount, and with such surety or securities as shall be satisfactory to the City.

7. Liquidated Damages.
   a. The City and Contractor recognize that time is of the essence as to this Contract and the City will suffer financial loss if the work is not completed within the time(s) specified in the bid, established work schedule, and/or the above referenced written order of City, as may be applicable, plus any extensions thereof allowed in accordance herewith. The parties also recognize the delays, expense and difficulties involved in providing the actual loss sustained by the City if the work is not completed on time. Accordingly, instead of requiring any such proof, the City and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay the City $5000 for each day a delay within the control of Piedmont Natural Gas occurs. The fine will expire after the time specified for such work to be completed.
   b. The Contractor shall also be liable for any and all additional costs and damages incurred by the City for said delay.

8. Payment. The City hereby agrees to pay to Contractor for the faithful performance of this Contract, subject to the installed quantities and unit prices attached hereto or as provided in the specifications or proposal referenced herein, in lawful money of the United States, up to the total amount of $115,900.00.

Provided that invoices are submitted to the City in the manner described in section C.20. hereinafter and received by the City no later than the twenty-fifth (25th) day of the preceding month, the City will make partial payments to the Contractor on or before the tenth (10th) day of each calendar month of this Contract. Said partial payments shall be made on the basis of duly certified and approved estimates of work performed during the relevant time by Contractor, less five percent (5%) of the amount of such estimates, which five percent (5%) is to be retained by City until final payments are made as hereinafter provided. Approval for estimates of work referenced above shall be in the City’s sole discretion after consultation with Impressions.

9. Final Payments. Upon submission by Contractor of evidence satisfactory to City, in its sole discretion, that all payrolls, material bills and other costs, including amounts owed to any subcontractors, incurred by Contractor in connection with the completion of construction of the Project have been paid in full, final payment on account of the Project shall be made within thirty (30) days after the completion by Contractor of all work on the Project and the acceptance of such work as well as of said submission of evidence by City, in its sole discretion after consultation with Impressions and the State Energy Office, if applicable.

10. Funds Availability. Any and all payments contemplated to be made or made hereunder are contingent upon funds being provided to City solely for these purposes by, and not thereafter
as contingent upon and subject to the appropriation, allocation, and continuing availability of funds for these purposes to DOC and City.

13. Recovery of Award Funds. Contractor expressly acknowledges and accepts City’s and DOC’s absolute right in their respective, sole discretion to withhold, discontinue, or recover in part or in full from Contractor any monies awarded and/or distributed pursuant to this Contract if it is determined that the Contractor has engaged in unlawful conduct or conduct which violates the spirit and intent or the terms of the Program, including but not limited to the Grant Agreement Documents, or if the Contractor fails to comply with the terms of this Contract. If an audit determines that Contractor expended or otherwise benefited from any amount of this Contract improperly or that the Contractor has failed to comply with certifications, representations, warranties and covenants made for the Contractor or that the Contractor has failed to keep records and provide access to such records as required hereunder, Contractor shall, at a minimum, be required to reimburse DOC, and DOC may pursue such other action as it deems appropriate. Contractor further expressly acknowledges that the federal government may also recover award funds disturbed hereunder for failure to comply with applicable laws, regulations, or the DOE Award Agreement, and may pursue such other action as it deems appropriate.

8. INSURANCE AND SAFETY

Current, valid insurance policies meeting the requirements herein identified shall be maintained during the duration of this Project. Contractor and subcontractors may not begin work until these insurance provisions have been obtained and certificates of insurance verifying coverage have been provided to as well as accepted by the City, in its sole discretion.

1. Workers’ Compensation Insurance. Insurance covering all employees meeting statutory limits in compliance with the applicable state and federal laws. The coverage must include employer’s liability with a minimum limit of $500,000 bodily injury by accident, $100,000 bodily injury by disease, $500,000 bodily injury by disease policy limit.

2. Commercial General Liability. Coverage shall have minimum limits of $1,000,000 general aggregate, products/completed operations aggregate, personal and advertising injury and each occurrence.

3. Business Auto Liability. Coverage shall have minimum limits of $300,000 per occurrence, combined single limit for bodily injury liability and property damage liability. This shall include owned vehicles, hired and non-owned vehicles and employee non-ownership.

4. Builder’s Risk. Contractor shall have all risk coverage with limits of insurance equal to 100% of the completed value of the materials being installed for the City.

5. Special Requirements.
   a. The City and the Contractor are to be included as additional insureds on the commercial general liability and business auto liability policies. If the Contractor carries umbrella/excess coverage, the City and the Contractor shall also be named as additional insureds on said policy.
   b. Contractor shall deliver to the City certificates of insurance for the insurance coverage. Contractor is required to maintain in compliance with this Contract prior to the start of work.
   c. Coverage shall remain in effect at least until final payment and at all times thereafter when Contractor is working, renewing or replacing defective work.
   d. Completed operations insurance shall remain in effect for at least two (2) years after final payment, and Contractor shall furnish the City evidence to show the continuation of such insurance.
   e. Renewal certificates shall be sent to the City thirty (30) days prior to any expiration date. Policies shall contain a provision or endorsement that the coverage afforded will not be cancelled, materially changed, or renewed refused until at least thirty (30) days prior written notice has been given to the City and Contractor.
   f. Contractor shall report any obvious or suspected code issues to the project manager or his designee.
   g. It shall be the responsibility of the Contractor to see that all subcontracts comply with these requirements.

6. Contractor Safety Requirements.
   a. Contractor is required to comply with all current INOSHA Safety and Health Standards that are applicable to the work being performed by the Contractor for the City. Contractor shall name a safety representative for this project. This individual will be responsible for ensuring compliance requirements to the Contractor’s employees, communicating with the City’s Risk Manager when necessary, and communicating to City regarding all safety issues.
   b. The City shall have the right, but not the obligation, to step work if a condition is observed that is considered to be immediately dangerous to life and health. The job shall be closed until the situation is corrected. The City’s representative shall attempt to work on the Contractor’s safety representation. Moreover, the City does not have to allow this situation to persist to satisfy any requirement to contact this person. The City shall not be liable for any expense or damages incurred by the Contractor due to job closure that is the result of a condition that is immediately dangerous to life and health.
   c. Prior to the start of any work by Contractor, the City’s Risk Manager or designated representative will conduct a pre-job safety review with the Contractor’s designated representatives. The meeting will provide an opportunity for the City’s representative to discuss with the Contractor’s representative applicable safety rules, including work zone protection and an Emergency Action Plan if Contractor’s employees may be affected by the plan, and provide for an open line of communication between both parties.

81  Labor and Equipment for installation of Directional Heat Heating Units – Approved September 12, 2011
7. Site Safety Audit. The City’s Risk Manager or his/her designee shall have the right, but not the obligation, to periodically audit Contractor’s job site to ensure compliance with the provisions of this Contract.

8. Accident Reporting Requirement. Accidents that occur on the job site of a Contractor working for the City shall be reported to the City’s Risk Manager.

C. GENERAL PROVISIONS

1. Cleaning. The Contractor will keep the site within and around the operations clean and neat and free of trash and debris accumulation at all times. Contractor will keep the same free from inflammable and dangerously stored materials at all times. If such is not done as directed, it may be done by the City and/or its agents and the costs associated therewith charged to, and satisfied by, the Contractor. Upon completion, all parts of the work shall be left clean and neat to present a finished appearance.

2. City’s Right to Do Work. If during the progress of the work or during the period of guarantee, Contractor fails to prosecute the work properly or to perform any provision of the Contract, the City, after three (3) days written notice to the Contractor from the City, shall have the right, but not the obligation, to perform or have performed that portion of the work and may deduct the cost thereof from any amounts due or to become due to the Contractor, such action and cost of same having been first approved by the City. Should the cost of such action of the City exceed the amount due or to become due the Contractor, then the Contractor or his surety, or both, shall be liable for, and shall pay, the City the amount of said excess.

3. Interpretation of Specifications. The specifications have been divided into sections for ready reference. It is the intention, however, that all applicable portions of the various sections shall apply to all sections unless specifically specified otherwise.

4. Use of Premises. The Contractor shall confine his apparatus, the storage of materials and the operations of his workmen to limits indicated by law, ordinance, permits or directions of the City and the premises shall not exceed those established limits in his operations.

5. Permits and Inspection Fees. The Contractor shall obtain all necessary permits and shall pay all applicable fees.

6. Adding to or Deleting From Contract. The City reserves the right to decrease the estimated quantities by up to fifty percent (50%) or add, upon City Council approval, additional projects with estimated quantities of up to fifty percent (50%) of estimated quantities contained in the bid, at the unit price submitted by the Contractor in Contractor’s bid. At the time of adding an additional project, the Contractor and the City’s Project Manager shall agree on a number of

7. Uncorrected Faulty Work and Correction of Work after Final Payment. In the event the correction of faulty or damaged work is not completed to the satisfaction of the City, the City shall reserve the right to contract with the Contractor for other construction requirements for a period of up to one (1) year after the award of the bid. The Contractor will guarantee their unit prices for this one (1) year period.

8. Attorney’s Fees. Should Contractor or City institute any legal proceedings against the other concerning a dispute arising from this Contract, the prevailing party in such action shall, in addition to any other recovery, be entitled to recover its costs and expenses from the other party, including its reasonable attorney’s fees.

9. Guarantee. The Contractor shall guarantee workmanship without defects due to the installation of faulty material or faulty workmanship or negligence for a period of twelve (12) months following the acceptance of work. Contractor shall be deemed to be due and obligated under this Agreement until such new or additional security for the faithful performance of such work shall be furnished in a manner and form satisfactory to City.

10. Third Party Beneficiary. The State of North Carolina (“State”) is a third-party beneficiary of this Contract and may, at its option, enforce the terms of this Contract, or appear as a party in any litigation concerning it. Nothing contained in this Contract shall give or allow any claim or right of action whatsoever by any third party (other than the State, as specifically provided herein). It is the express intention of the State and City that any person or entity, other than the State or City, receiving services or benefits under this Contract shall be deemed an incidental beneficiary only.

11. Compliance with the Davis Bacon Act and Contract Work Hours and Safety Standards Act. Contractor acknowledges that certain work necessary to perform the Project is subject to the Davis Bacon Act and Contract Work Hours and Safety Standards Act, and that such work must be implemented pursuant to the applicable provisions of the Grant Agreement Documents. Among other things, Contractor shall permit the State to interview any officer or employee of the
Contractor or subcontractors performing labor through said Project regarding compliance with the above Acts. In the event Contractor determines that the class of mechanics or laborers necessary for the completion of the Project is not included in the Prevailing Wage Determination, then, in that event, Contractor shall notify City and/or State as may be applicable.

12. Reporting Requirements. Upon the request of the City, Contractor shall provide information to assist the City in satisfying any applicable reporting requirements associated with the Award. Subcontractor shall comply with and satisfy any reporting requirements as may be revised including, but not limited to, the “State Grant Compliance Reporting Requirements” (DHHS B). Contractor also shall submit any backup materials and supporting documentation as may be deemed necessary by City and/or the State. For all work that is subject to the Davis-Bacon Act and Contract Work Hours and Safety Standards Act, Contractor shall submit Form WH-347 and certified payrolls, as may be required, to the City no later than the fifth (5th) calendar day following each weekly payroll date so that the City can timely submit said information to the State.

13. Additional Notice of Particular Grant Agreement Requirements. Contractor shall comply with the requirements of the Grant Agreement Documents, including but not limited to those requirements regarding reporting, records retention, access to books and records, audit, and insurance contained in the Grant Agreement Documents.

14. Statement of No Overdue Tax Debts. Prior to City disbursing Award funds to Contractor in furtherance of the Project, Contractor has caused a written State Grant Certification – No Overdue Tax Debts, prepared on Contractor’s letterhead, to be placed on file in the City’s Office of Planning and pursuant to North Carolina General Statutes §143C-9.2(j) stating that the Contractor does not have any overdue tax debts, as defined by North Carolina General Statute §105-243.1, at the federal, State, or local level.

15. Debenture and Suspension. Prior to City disbursing Award funds to Contractor in furtherance of the Project, Contractor has caused a Debenture Certification to be placed on file in the City’s Office of Planning. The Resolution is restricted from granting federal funds to, or for the benefit of, an entity that is debentured, suspended, or otherwise excluded from or ineligible for participation in federal assistance programs or activities. In addition, Contractor and subcontractors performing work contemplated hereunder are ineligible to receive, or benefit from, funds disbursed under this Contract if such entity[ies] are debentured pursuant to state law.

16. No Assignment or Amendment. Contractor shall not assign any of its rights or obligations under this Contract. This Contract may not be amended or revised without written approval of both Parties and appropriate concurrence from any third party that may be required.

17. Choice of Law, Jurisdiction, Venue. The validity of this Contract and all of its terms and provisions, as well as the rights and duties of the Parties, are governed by the laws of the State of North Carolina. The Parties agree and submit, solely for matters concerning this Contract, to the exclusive jurisdiction of the courts of North Carolina and agree, solely for such purpose, if the State or federal government is a party to a legal proceeding involving City or this Contract, that the exclusive venue for any such legal proceeding shall be Wake County, North Carolina. The place of the Contract and all transactions and agreements relating to it, and their situs and forum, for such sole purpose shall be Wake County, North Carolina, where all matters, whether sounding in contract or tort relating to the validity, construction, interpretation, and enforcement shall be determined hereby by reference, as if set out in full, and are deemed to be material to this Contract. The above Wake County venue requirements shall apply only if the State or federal government is a party to a legal proceeding arising hereunder.

18. Limitation on State’s and City’s Liability. Neither the State, any State entity, department, board, or subdivision, or City shall be liable in any manner whatsoever to any person with respect to commitments under this Contract. Contractor’s rights, if any, with respect to this Contract arise solely out of this Contract, and it has no independent right or claim to receive, or benefit from, Contract funds apart from any right or claim which may arise under this Contract. Contractor acknowledges that, in addition to the limitation on funds available as set forth hereinabove, funds available for the Contract are subject to and dependent on funding of the Award, which is dependent on City’s compliance with the Grant Agreement.

19. Indemnification. The Contractor agrees to indemnify and hold harmless the City, the State, and all their respective officers, agents and employees, from any claims of third parties arising out of any act or omission of the Contractor in connection with the performance of the Contract:

a. City assumes no liability with respect to accidents, bodily injury, illness, breach of contract, or any other damages or loss, or with respect to any claims arising out of any activities related to this Contract, whether with respect to persons or property of Contractor or third parties. Contractor agrees to obtain insurance or otherwise protect itself or others as it may deem desirable. Further, Contractor agrees to indemnify, defend, and save harmless the City and its officers, agents and employees from any and all claims and losses arising from this Contract, including but not limited to those claims and losses accruing or resulting to any and all subcontractors, materialsmen, laborers, and any other person, firm or corporation furnishing or supplying work, services, materials or supplies in connection with the performance of the work contemplated by this Contract, and from any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by Contractor or by any and all contractor(s) or subcontractors in the performance of the work contemplated by this Contract.

20. Notice. Unless otherwise specifically provided for herein, all notices permitted or required to be given by one Party to the other and all questions about this Contract from one Party to the other shall be addressed and delivered to the other Party’s Contract Administrator. The name, post office address, street address, telephone number, fax number, and email address of the Parties’ respective initial Contract Administrators are set out below. Either Party may change the name,
post office address, street address, telephone number, fax number, or email address of its Contract Administrator by giving timely written notice to the other Party.

23. Relationship of Parties. In carrying out the terms and conditions of this Contract, Contractor is an independent party from the City and is not an agent or employee of the City. Nothing in this Contract shall create or be construed as creating a partnership, joint venture, or employee relationship between the City and Contractor.

22. No Waiver. No waiver by either Party of any default by the other Party in the performance of any particular provision of this Contract shall invalidate any other paragraph of this Contract or operate as a waiver of any future default, whether like or different in character.

23. Severability. The various terms, provisions and covenants herein contained shall be deemed to be separate and severable, and the invalidity or unenforceability of any of them shall not affect or impair the validity or enforceability of the remainder.

24. Other. Contractor shall, upon completion of all work awarded under this Contract, furnish to City invoices or copies of invoices for all materials and equipment purchased for said work and such invoices shall state the amount of North Carolina Sales Tax paid for said materials and equipment, and Contractor shall also furnish City an affidavit certifying the total costs of materials and equipment purchased for all work performed under the Contract and the total amount of North Carolina Sales Tax paid for said materials and equipment.

25. Execution. This Contract may be executed in one or more counterparts, each of which, when executed, shall be deemed an original, and all such counterparts, together, shall constitute one and the same contract that shall be sufficiently evidenced by one such original counterpart.

IN WITNESS WHEREOF, duly authorized representatives of City and Contractor have executed this Contract effective as of the date first above written. The Parties agree that this document is executed under seal for the purposes of any applicable statute of limitations.

ADOPT – BUDGET ORDINANCE 2010-2011 PROJECTS NOT COMPLETED THAT WERE BUDGETED IN 2010-11

Mr. Kay explained the following projects were budgeted in the prior year but were not completed nor provided for in the current year budget:

- Brown Street Bridge, $356,873 balance of project in addition to $220,000 appropriated in August.
CITY COUNCIL MINUTES
WASHINGTON, NORTH CAROLINA
SEPTEMBER 12, 2011

- Recreation trail grant, $92,776 for the Jack’s Creek greenway project.
- Terra Ceia line rebuild, $162,852 installment purchase.
- Vision 100 Grants, $176,536 airport improvement grants.

Mr. Kay

Councilman Mercer inquired what the remainder of the funds be spent on for the Terra Ceia line rebuild. Keith Hardt explained the remaining funds will be for material and contract labor to complete this phase of the project. This project should be completed by the end of January 2012. Councilman Mercer requested a breakdown of where the monies were spent once the project is complete.

By motion of Councilman Moultrie, seconded by Mayor Pro tem Roberson, Council adopted a Budget Ordinance to appropriate funds for projects that were budgeted in 2010-2011 and not completed.

MAYOR

ADOPT – BUDGET ORDINANCE AMENDMENT FOR OUTSTANDING PURCHASE ORDERS FROM FY 10/11 ($912,158)

Mr. Kay explained that at the close of fiscal year 2010-2011 the City had the following amount of outstanding purchase orders, by fund, issued for contracts and merchandise:

- General Fund $236,101  
- Water Fund 29,778  
- Sewer Fund 150,761  
- Storm Water Fund 37,379  
- Electric Fund 331,217  
- Airport Fund 8,134  
- Solid Waste Fund 114,536  
- Cemetery Fund 1,326  
- Façade Fund 2,926  
- TOTAL $912,158

Funding for these outstanding purchase orders is restricted in fund balance at June 30, 2011. Therefore, the funding needs to be appropriated in the current fiscal year for spending.

Councilman Mercer requested staff investigate a way to clarify funds to show the funds are actually carried forward from a prior fiscal year. Mr. Kay explained staff is reviewing possible ways to show clarification regarding the funds that are carried forward from prior budget years.

By motion of Councilman Pitt, seconded by Councilman Moultrie, Council adopted a budget ordinance amendment in the amount of $912,158 for purchase orders outstanding from fiscal year 2010-2011 that are being brought forward into fiscal year 2011-2012 for payment.

CITY CLERK         MAYOR

ADOPT & APPROVE – RESOLUTION AUTHORIZING A PUBLIC NOTICE TO SOLICIT OFFERS TO PURCHASE CERTAIN SURPLUS REAL PROPERTY OF THE CITY OF WASHINGTON AND APPROVE SAID PUBLIC NOTICE (DISPOSITION OF PROPERTY AT 507 WEST SECOND STREET)

During the regular scheduled meeting of the City Council held on September 13, 2010, a resolution was adopted to begin the upset bid process to dispose of the property located at 507 West Second Street. The original offer of $1,000 was received as well as advertised and subsequent upset bids were received as well as advertised. The final upset bid was $3,500.00. City Council accepted the bid and adopted a resolution authorizing the Mayor to sign all the necessary legal documents to convey the surplus property to the bidder. After attempting to contact the bidder several times concerning the conveyance of the property, the City Clerk received written communication that the bidder had to reorganize due to the economy and was no longer in a position to purchase the property. It is the recommendation of staff to re-start the process of disposing of the property by soliciting offers to purchase the property through a public notice and advertising the highest such offer received for upset bids pursuant to N.C. Gen. Stat. § 160A-269. The deposit will be refunded.

Mayor Pro tem Roberson suggested the Inspections Dept. visit the structure to determine what permits will be needed and work will be required to bring the structure up to code and that the bidders meet with the inspectors to discuss this. Mr. Kay suggested possibly delaying this item for another month to confer with the inspectors. Council, upon
consensus agreed to move forward with the project contingent on the consultation with the inspectors provided they feel this is a viable project, then move forward with the bidding process. If the inspectors feel this is a lost cause, there would be no need to move forward with the bidding process.

By motion of Councilman Pitt, seconded by Councilman Davis, Council adopted the Resolution authorizing a public notice to solicit offers to purchase certain surplus real property of the City of Washington and approved said public notice. Provided that the inspections department, upon review, deems the structure is viable and appropriate to proceed with the bidding process.

**RESOLUTION AUTHORIZING A PUBLIC NOTICE TO SOLICIT OFFERS TO PURCHASE CERTAIN SURPLUS REAL PROPERTY OF THE CITY OF WASHINGTON**

**WHEREAS,** the City Council of the City of Washington ("City") has determined that the real estate herein described and currently owned by the City is not required for governmental purposes and is therefore surplus.

**WHEREAS,** the City desires to sell said property by soliciting offers to purchase the same through a public notice and advertising the highest such offer received for upset bids pursuant to N.C. Gen. Stat. § 160A-269.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council that:

1. The following described real property, having an address of 507 West Second Street, is hereby declared to be surplus to the needs of the City.

   That certain tract or parcel of land lying and being in the City of Washington, Beaufort County, North Carolina, more particularly described as follows:

   IT BEING that Lot One (1) containing 0.09 acres as shown on survey map entitled "Survey for Timothy M. Evans" prepared by Waters Surveying dated December 3, 2009 and being that same property deeded to the City of Washington by deed dated January 27, 2010 recorded in Book 1710, Page 461, Beaufort County Registry, to which survey map and deed reference is herein made for a more complete and adequate description.

2. The City Council is accepting offers to purchase the property described above.

3. Persons desiring to make an offer to purchase the above property must submit a written offer to the City Clerk within thirty (30) days of the date the notice provided for herein is published. Any person making an offer shall deposit with the City Clerk a sum equal to five percent (5%) of the offer within thirty (30) days of said publication of said notice. The City Clerk shall retain the highest offer and deposit received and return all other offers and deposits. The City Clerk shall then publish a notice that within ten (10) days of the notice any person may raise the offer through an upset bid(s) of not less than ten percent (10%) more than the first one thousand ($1,000.00) of the offer and five percent (5%) more than the remainder of the offer. When a qualifying upset bid is made, the bidder shall deposit with the City Clerk five percent (5%) of the amount of the increased bid and the Clerk shall re-advertise the offer in the amount of the increased bid. This procedure shall be repeated until no further qualifying upset bid(s) are received; at which time, the City Council may accept the offer and sell the property to the highest bidder. The City may at any time reject any and all offers and bids.

4. The City Council proposes to accept said offer or subsequent qualifying upset bid, subject to the provisions and conditions stated herein. Any subsequent conveyance of the property described above shall be subject to the following.
a. Any restrictive or protective covenant, and a reversionary clause, that, in the sole discretion of the City, are required in order to preserve and restore said property consistent with the City’s Historic District Guidelines for existing structures, as may be amended; the Secretary of the Interior’s Standards for the Treatment of Historic Properties, as may be amended; and any other law, code, or guideline applicable to the property.

b. A Purchase, Preservation, and/or Maintenance Agreement, in the sole discretion of the City, by and between the purchaser and the City. Said Agreement will be enforceable by said reversionary clause and shall include, among other things, requirements that the exterior restoration of the structure located on the property be completed within one hundred twenty (120) days and the entire renovation of said structure be completed within two (2) years.

c. The purchaser shall be responsible for payment of any and all taxes due or coming due against the property.

d. Any conveyance shall be by special warranty deed.

5. Notwithstanding anything herein to the contrary, the City, without recourse from any individual making the offer or any subsequent qualifying upset bid, reserves the right to cancel this upset bid process and enter an Option to Purchase Real Property for Historic Preservation with the Historic Preservation Foundation of North Carolina, Inc. or convey the property outright to the Historic Preservation Foundation of North Carolina, Inc.

Adopted this 12th day of September, 2011.

PROJECT:  B-1174
CITY OF WASHINGTON
BRIDGE 80 ON BROWN STREET OVER JACK’S CREEK

COUNTY:  BEAUFORT

ENGINEERING AGREEMENT

This AGREEMENT, made and entered into this __ day of __, 2011, by and between the City of Washington (hereinafter called the “CITY”), and, SUMMIT CONSULTING Engineering, Architecture & Surveying (hereinafter called the “ENGINEER”) with offices at, 1000 Corporate Drive, Suite 101, Hillsborough, NC 27278.

GENERAL RECITALS

WHEREAS, the CITY intends to execute a contract for the construction of Bridge 80 on Brown Street over Jack’s Creek; and,

WHEREAS, the CITY is obliged to carry out the proper construction of said Project under standards for construction of roads and structures of the North Carolina Department of Transportation (hereinafter called the “NCDOT”);

WHEREAS, the CITY desires the assistance of a private engineering firm (hereinafter called the “ENGINEER”) in the performance of certain engineering services (hereinafter called “SERVICES”) in conjunction with the CONTRACTOR’S performance; and

WHEREAS, the ENGINEER has exhibited evidence of experience, ability, competence, and reputation to perform such engineering SERVICES,

NOW THEREFORE, the CITY and the ENGINEER, for consideration hereinafter stipulated, mutually agree as follows:

The ENGINEER agrees to perform the required professional engineering SERVICES necessary for Construction Engineering and Inspection on Bridge 80 on Brown Street over Jack’s Creek.

ARTICLE I – SCOPE OF SERVICES

1.0 Description of Work Required

This statement of work describes and defines the SERVICES required for construction inspection, materials sampling and testing, and contract administration for the project entitled Bridge 80 on Brown Street over Jack’s Creek.

1.1 The ENGINEER shall be responsible for all construction inspection, field materials sampling and testing, and assisting the CITY with contract administration for the construction Project as outlined in the Scope of Services, Article I.

1.2 The ENGINEER shall be responsible for all construction administrative functions as defined in this Scope of Services and referenced manuals and procedures.

1.3 The ENGINEER shall utilize effective control procedures such that the construction of this project is performed in reasonably close conformity with the plans, specifications, and contract provisions.

1.4 The ENGINEER shall be responsible for providing technical personnel in appropriate numbers at the proper times such that the responsibilities assigned under this AGREEMENT are effectively carried out.

1.5 All SERVICES shall be performed in accordance with the established standard procedures and practices of the NCDOT. Prior to furnishing any SERVICES, the ENGINEER shall be familiar with those departmental standard procedures and practices as set forth in the Construction Manual and associated manuals and with informal procedures and practices for construction contract administration used by the NCDOT.

1.6 The ENGINEER shall not employ any person to provide the SERVICES that was involved with the project while employed with NCDOT as a construction engineer or construction technician.

1.7 The ENGINEER shall maintain close coordination with the CITY and the CONTRACTOR in order to minimize rescheduling of the ENGINEER’S activities due to construction delays or changes in scheduling of the CONTRACTOR’S activities.

1.8 Work Standards

1.8.1 It shall be the responsibility of the ENGINEER to provide SERVICES as necessary such that the project is constructed in reasonably close conformity with the plans, specifications, and contract provisions.

1.8.2 The ENGINEER shall advise the CITY of any observed omissions, substitutions, defects, and deficiencies noted in the work of the CONTRACTOR and any corrective action taken. The SERVICES provided by the ENGINEER shall not relieve the
CONTRACTOR of responsibility for the satisfactory performance of the construction contract.

1.B.1. The ENGINEER shall work under the general guidance and direction of the Executive Director/Manager of the CITY. The ENGINEER shall make normal and routine project decisions consistent with the NCDOT's policies, procedures, and general guidance provided by the City or NCDOT Resident Engineer and Assistant Resident Engineers.

1.B.2. The ENGINEER shall make and record such measurements as are necessary to calculate and document quantities for pay items, except for measurement of earthenwork; quantities that require the services of a survey crew, and perform incidental engineering surveys as may be necessary to carry out the SERVICES covered by this AGREEMENT.

1.B.3. The ENGINEER shall provide SERVICES to monitor the CONTRACTOR’S on-site construction operation and to inspect all materials entering into the work, as required so that the quality of workmanship and materials is such that the project will be completed in reasonable conformance with the plans, specifications, and other contract provisions. The ENGINEER shall keep detailed, accurate records of the CONTRACTOR’S daily operations and significant events that affect the work.

1.B.6. The standard procedures and practices of the NCDOT for inspection of construction projects are set out in the Construction Manual. The ENGINEER shall perform inspection SERVICES in accordance with these standard procedures and practices and other accepted practices as may be appropriate.

1.B.7. The ENGINEER shall perform or provide for through the services of an independent testing firm field sampling and testing of component materials and completed work items such that the materials and workmanship incorporated into the project are in reasonable conformance with the plans, specifications, and contract provisions.

1.B.8. The ENGINEER shall perform all necessary surveillance and inspection of the hot-mix asphalt roadway operations.

1.B.9. The ENGINEER shall attend the Preconstruction Conference, if applicable.

1.B.10. The ENGINEER shall maintain on a daily basis a complete and accurate record of all activities and events relating to the project and a record of all work completed by the CONTRACTOR, including questions of pay items in conformity with NCDOT’s policies and procedures. The ENGINEER shall immediately report apparent significant changes in quantity, time, or cost to the CITY as they are observed.

1.B.11. The ENGINEER shall prepare inspector’s daily reports of the CONTRACTOR’s operations in accordance with the Construction Manual.

1.B.12. The ENGINEER shall maintain records of all sampling and testing accomplished and analyze such records required such that acceptability of materials and completed work items can be determined.

1.B.13. The ENGINEER shall, at a minimum, each month prepare a comprehensive tabulation of the quantity of each pay item satisfactorily completed to date. Quantities shall be based on daily records or calculations. Calculations shall be verified. The tabulation will be submitted to the CITY with the progress payment estimates.

1.B.14. The ENGINEER shall provide to the CONTRACTOR interpretations of the plans, specifications, and contract provisions. The ENGINEER shall consult with the NCDOT and the CITY when an interpretation involves complex issues or may have an impact on the cost of performing the work or is known to be an area of dispute with the CONTRACTOR.

1.B.15. The ENGINEER shall analyze changes to the plans, specifications, or contract provisions and extra work which appear to be necessary to carry out the intent of the construction contract. When it is determined that a change or extra work is necessary and such work is not within the scope and intent of the original contract, the ENGINEER shall initiate any change necessary to cause the CONTRACTOR to perform the extra work.

1.B.16. When it is determined that a modification to the original contract for the project is required due to a necessary change in the character of the work, the ENGINEER shall negotiate prices with the CONTRACTOR and prepare and submit for approval to the CITY as appropriate Change Order or Supplemental Agreement, as applicable.

1.B.17. In the event that the CONTRACTOR gives notice in writing that he deems certain work to be performed is beyond the scope of the construction contract and he intends to claim additional compensation, the ENGINEER shall maintain accurate records of the costs involved in such work. These records shall include manpower and equipment times and materials installed (temporary or permanent) in the portion of the work in dispute.

1.B.18. In the event that the CONTRACTOR gives notice of intent to file claim for additional compensation, the ENGINEER shall maintain complete and accurate records of work involved in the claim.

1.B.19. The ENGINEER shall monitor each construction operation to the extent necessary to determine whether construction activities violate the requirements of any permits. The ENGINEER shall notify the CONTRACTOR of any violations or potential violations and require his immediate rectification of the problem. Permit violations must be reported to the CITY immediately.

1.B.19. The ENGINEER shall interface with the CONTRACTOR and utility companies to coordinate the timely removal, adjustment, or protection of utility utilities which may conflict with the construction plans.
ARTICLE II - DATA AND SERVICES TO BE PROVIDED BY THE CITY

II.A. The CITY shall provide the ENGINEER available data and information, applicable to the
detailed SCOPE OF WORK developed for the project, which may include but is not
limited to, the following:

- Approved Construction Plans
- Approved Contract Documents—proposals, specifications.
- Environmental Permit/Control (Erosion Control, CAMA, 401 Water Quality
  Certification, Section 404).
- All data in the hands of the CITY (or its engineering design consultant) that can
  be released that would assist the ENGINEER in the accomplishment of the work.
- All CITY policies and procedures applicable to the presentation of the project.

It is the responsibility of the ENGINEER to obtain the latest NCDOT approved Standard
Specifications for Roads and Structures, Standard Drawings, Construction Manual, and

ARTICLE III - TIME OF BEGINNING AND CONTRACT DURATION

III.A. SERVICES to be performed by the ENGINEER under this AGREEMENT shall begin
after official notice from the CITY to proceed. The CITY will not be responsible for
payment for work performed in advance of such notice. Actual construction inspection
SERVICES in the field shall correspond with the data for the construction contract.

III.B. The contract duration proposed under this AGREEMENT is a construction period of
approximately 4.5 months. Detailed man-hours and cost estimate are attached as
Appendix A and substantiates the engineering fees and costs.

III.C. The ENGINEER will be required to satisfactorily verify all pay records in accordance
with the CITY’s policies and procedures and submit same together with a set of plans
with field revisions noted in red thereon to the CITY and NCDOT’s Resident Engineer
within forty-five (45) days after completion of the construction project.

ARTICLE IV - COMPENSATION AND PAYMENT

IV.A. Engineering Fees and Costs

As complete compensation for SERVICES performed in accordance with the provisions of
this AGREEMENT, the ENGINEER will be paid the actual costs plus a fee equal to
10% percent of the direct salaries, payroll burden, and overhead costs for the time period
specified above. Actual costs to the ENGINEER include direct labor costs applicable to
this project, all direct non-salary costs applicable to this project, and all overhead, as

IV.A.1 M A X I M U M A MOUNT PAYABLE

The maximum amount payable, including an estimated actual cost and estimated fee shall
d Not exceed $78,731.13 for the time period specified above. Detailed man-hours and cost
estimate are attached as Appendix A and substantiates the foregoing fees. During the
progress of the SERVICES, if it appears that the maximum in the amount of $78,731.13
will be exceeded, the ENGINEER shall notify the CITY in writing. The ENGINEER
shall not proceed beyond the total estimated cost without prior written approval by the
CITY.

IV.A.2 Direct Salaries

Direct salaries are defined as cost of salaries of inspectors and other personnel
performing work or a service for the time directly chargeable to this project. Salaries
to be charged during the contract period are shown in Appendix A.

IV.A.3 Payroll Burden and Overhead Costs

Overhead costs are expressed as a percentage of direct salaries, excluding the previous
portion of overtime and shift premium labor. The ENGINEER will be reimbursed at an
overhead rate of 52.5% for Project Technician and Project Management. If the NCDOT
Office of Inspector General arrives at a new audit overhead rate or is presented one
from another Federal of State agency, the overhead will be adjusted at the date the Office
of Inspector General informs acceptance of the new rate.

IV.A.4 Nonsalary Direct Costs

Payment for vehicle usage will be made at the rate of $200.00 per month for two-wheel
drive vehicles. Calculation of vehicle base rate and mileage additive is shown in Appendix A.

IV.B. Progress Report

The ENGINEER shall, at the end of each calendar month during which SERVICES are in
progress under this AGREEMENT, prepare and present to the CITY a Progress Report
stating the percent completion of the SERVICES.

IV.C. Payment and Retainage

IV.C.1 The ENGINEER’S Progress Report and invoice with required supporting documentation
shall be submitted monthly by the ENGINEER and approved by the CITY. The CITY
agrees to make monthly payments based on direct nonsalary costs incurred plus total
IV.C.2 The ENGINEER shall approve pay request for work performed by material testing consultant within seven days after the ENGINEER receives a request for payment. Upon approval, the material testing pay request shall be submitted to the CITY for payment.

IV.C.3 When payments are made to DBE and/or MBE firms, the ENGINEER shall provide the CITY with an accounting of said payments. This accounting shall be furnished to the CITY for any given month by the end of the following month. Failure to submit this information accordingly may result in (1) withholding of money due in the next monthly invoice, or (2) removal of an approved ENGINEER from the prequalified register of firms. The accounting shall list for each:

NCDOT Project Number(s)
Payee ENGINEER Name
Receiving Subconsultant Name
DBE/MBE Certification Basis
Assistant of Payment
Date of Payment

A responsible fiscal officer of the payee ENGINEER who can attest to the date and amounts of the payments shall certify that the accounting is correct.

IV.D Maintenance of Information and Reports

IV.D.1 FHWA Information

IV.D.1.a All work shall be administered and performed in accordance with Federal-Aid Policy Guide, 23 CFR 172A and the North Carolina Administrative Code.

IV.D.1.b Subcontracts exceeding $5,500 which involve the employment of mechanics or labors shall require the subcontractor to comply with sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 USC 327-330) as supplemented by Department of Labor regulations (29 CFR, Part 5).

IV.D.1.c Subcontracts exceeding $10,000 shall require the subcontractor to comply with all Federal regulations required in the prime contract.

IV.D.3 Availability of Information

The ENGINEER agrees to maintain all books, documents, papers, accounting records, and other information pertaining to costs incurred on this project and to make such materials available at its offices at all reasonable times during the contract period and for three (3) years from the date of final payment for inspection by the CITY, NCDOT or Federal Highway Administration. Copies thereof shall be furnished to the CITY, NCDOT or Federal Highway Administration.

NCDOT or Federal Highway Administration if requested. The ENGINEER shall use cost principles as described in Federal Acquisition Regulation (48 CFR 1-31), Subject 1-31.2. The ENGINEER further agrees to require all subcontractors to whom a portion of this contract may be awarded to maintain all books, documents, papers, accounting records, and other information pertaining to costs incurred on this project and to make such materials available at its offices at all reasonable times during the contract period and for three (3) years from the date of final payment, and to require said subcontractors to furnish copies of such documents to the CITY, NCDOT and/or Federal Highway Administration upon request. The ENGINEER shall affirmatively enforce this provision of this contract with the subcontractor upon request of the CITY, NCDOT or Federal Highway Administration.

ARTICLE V – MISCELLANEOUS PROVISIONS

V.A Conferences, Visits to Site, Inspection of Work

A responsible member of the firm will represent the ENGINEER for any meetings, hearings, consultations, and field conferences deemed necessary by the CITY, NCDOT or the ENGINEER. All conferences held will be in the vicinity of the project.

V.B Relationship with Others

The ENGINEER shall cooperate fully with the CITY’S and NCDOT’s engineers on adjacent projects, and with local, state and federal government officials and others as may be directed by the CITY. This shall include attendance at meetings, conferences, and hearings as may be requested by the CITY.

V.C Staffing by the ENGINEER

The control and supervision of all phases of the SERVICE(s) performed under this AGREEMENT by the ENGINEER shall be under the direction of a Professional Engineer or a person with an acceptable combination of education and experience. A staff of competent, qualified technicians adequate in number and experience to perform the described SERVICES shall be assigned at all times. The CITY reserves the right at any time to increase or decrease the number of technicians assigned to the work.

The technician, salary rate of each technician, and classifications shall be approved by the CITY prior to their usage in the performance of the SERVICES. Changes in the technicians, salary rates, and/or classifications shall be approved by the CITY prior to the change.

V.D Instructions or Directions

If, during the duration of this AGREEMENT, the ENGINEER receives instructions or directions which are considered beyond the scope of SERVICES outlined in this
AGREEMENT, or referenced attachments, the ENGINEER shall immediately notify the CITY in writing with a description and justification for the claim of extra SERVICES. The ENGINEER shall notify the CITY of extra SERVICES in writing prior to performing the extra SERVICES.

V.E. Ethics Policy
The ENGINEER agrees to comply with the NCDOT’s ethics policy.

V.F. Miscellaneous Provisions

Note.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed by their proper officials thereto duly authorized as of the date below indicated:

Councilman Mercer stated this item was budgeted for $90,000 and was included in the CIP and is coming in under budget. Mr. Kay also asked Council to approve the purchase order for this item as well.

By motion of Councilman Mercer, seconded by Mayor Pro tem Roberson, Council approved the purchase of a backhoe from Gregory Poole through a GSA contract GS-30F-0018U as authorized through NC G.S. 143-129(e)(9a) and approved the associated purchase order.

APPROVE – PURCHASE ORDERS >$20,000

- Requisition #10102, Floyd Brooks, $27,174, Hurricane Irene clean up. Account 10-00-4400-5730.

Councilman Mercer stated the purchase orders are supposed to be approved before the work is complete. He referenced the HWY 32 DOT project and stated that project was completed over two years ago. (This is for another section of HWY 32 near Free Union Church Road.) The last requisition is for cleanup after Hurricane Irene.

By motion of Mayor Pro tem Roberson, seconded by Councilman Mercer, Council approved the purchase orders as presented.
- Requisition #10102, Floyd Brooks, $27,174, Hurricane Irene clean up. Account 10-00-4400-5730.

ANY OTHER BUSINESS FROM THE MAYOR OR OTHER MEMBERS OF COUNCIL

Mayor Jennings explained that Councilman Moultrie will be unable to attend the Sept. 26, 2011 Council meeting and needs to be excused.

By motion of Mayor Pro tem Roberson, seconded by Councilman Davis, Council excused Councilman Moultrie from the September 26, 2011 Council meeting.
Mayor Jennings also would like to add the following item to the Sept. 26th meeting: Carver Machine Works, sewer line easements and issues.

Councilman Mercer explained there is a rate workshop/rate committee meeting on October 5th in Wilson. If anyone would like to attend, please advise Councilman Mercer by September 21st.

Mayor Jennings thanked all of our public safety workers and reflected on the 10 year anniversary of September 11, 2001.

CLOSED SESSION – UNDER § NCGS 143-318.11(A)(6) PERSONNEL AND NCGS § 143-318.11(A)(3) ATTORNEY CLIENT PRIVILEGE

By motion of Councilman Pitt, seconded by Councilman Moultrie, Council entered into closed session under NCGS § 143-318.11(A)(6) Personnel and NCGS § 143-318.11(A)(3) Attorney Client Privilege at 7:20pm.

By motion of Councilman Pitt, seconded by Councilman Moultrie, Council agreed to come out of closed session at 7:45pm.

ADJOURN

By motion of Councilman Pitt, seconded by Councilman Davis, Council adjourned the meeting at 7:50 pm until September 26, 2011 at 5:30 pm in the Council Chambers at the Municipal Building.
